You are right—I am getting to be a short timer now and your cordial good wishes for my coming marriage are sincerely appreciated.

Sincerely,

Many thanks for your letter of November 22nd informing me that General Smith has talked with General Bolling and that they have agreed to leave my mobilization assignment in G-2 with the understanding that I will be available to Central Intelligence at such time as I might be called to active duty.

I have spoken with Colonel Hotchkiss of the 1173rd MI GP (Tng) and at his suggestion I am sending him two photostatic copies of your letter which he will place in my file and with First Army Headquarters. He indicated that this should be sufficient to prevent any action up here which would not be in harmony with the desires of General Smith. Colonel Hotchkiss suggested that it might be desirable for you to send me several copies of Form 1380 which I could fill out in connection with work I may do for General Smith so as to keep in order my active reserve status. Would CIA have such forms or should I apply to G-2 for them?

Will you please express to General Smith my appreciation for what he has done and tell him further that I am waiting to hear from Frank Wisner as to a time when we can get together to discuss in more detail a closer working relationship.

I expect to be in Mexico between the 14th and 21st of December but I hope very much that [redacted] and I will be able to get together with General Smith sometime when he is in New York. We shall await further word as to the time.

With best regards, I remain,

Sincerely,
